

### Colombera

#### [Timorasso](#)

### "ELISA" Barbera

**Vineyard:** Vigna Brusà

**Grape variety:** barbera.

**Vinification:** traditional on skins,

**Aging:** After 12/14 months it is taken away from the wood barrels and refinement goes on in stainless still vats.

#### TASTING

**Visual examination:** clear, intense ruby-red colour.

**Olfactory examination:** intense and complex wine, Who hill red fruits, that is to say cherry in alcohol, marasca, blackberry and plum jam, are detectable and nicely balanced with spicy aromas. A light scent of vanilla, together with sweet spices, leaves a pleasant memory.

**Gustatory examination:** nicely balanced palate, this wine is supported by good acidity and fine tannin thickness. Warm and soft, it is a well balanced and good structured wine. Young, lively and personal wine, we suggest tasting it after a few years.

**Gastronomic matches:** roasts, shinbone, elaborate meat dishes.

**Serving temperature:** 18 °C.
